

Metro Parks Theater

This session brings back our two most popular classes: Creative Acting and Acting One.

Creative Acting covers a wide range of skills for budding theater artists, and is designed with fun mind!

Acting One offers a more focused look at theater skills, including scene-work, improv, character development and more.

We are also offering **Solo Voices** class at a new location (Coleman Comm Center) this session. This class gives participants a chance to hone their skills as an individual performer, whether thru working on a speech, monologue, poetry/spoken word, or the like.

Our classes are led by instructors from the Metro Parks Theater Dept, or from one of our partner organizations, Tennessee Women's Theater Project, a Nashville-based professional theater company.

Of course, our ever-popular **Young Actors Program** is going strong, which is a "performance"-focused program, the schedule for which is tailored to each different performance/event. This program requires an audition. We have two upcoming opportunities for young performers: a cabaret at Two Rivers Mansion for singers, (Auditions in March 2011, details tba), and our big summer musical for singers, dancers, and actors (Auditions April 2011, details tba). Call 862-8439 after Feb 1 to get more details on the Young Actors Program.

NOTE: The theater session for the Spring of 2011 Classes will run 10 weeks. To register call 862-8439

Session Starts Jan 10th
